Arabian Oil!

THIS great and genuine article, so well known to Farmers and other residents of this State, for its remarkable properties to cure all external diseases about horses cattle and other domestic animals. It has justly been named by an individual resident of Waverly "a complete Panacea for external diseases on man or beast." He has used it for the past four years and to quote further from his statement. "it has never failed to cure every external injury on man or beast that he has used for."

CERTIFICATES.

Describing its wonderful curative properties, from A. L. Kane proprietor of "Kane's liver establishment. Matthew Brown, Esq., and others, may be seen by calling at the store of the undersigned, 151 East Water street.

Purchasers, be on your guard.

As this Oil has become so celebrated in the treatment of diseases of the horse, and as a consequence, the demand becoming great throughout the country, the cupidity of several individuals has instigated them to palm off upon unsuspecting persons a counterfeit article for the genuine Arabian Oil: and others more modest, have appended a name to their base mixtures as nearly resembling the original as possible, thinking to ride it into market upon the popularity of the true Arabian Oil. Be sure when you purchase that you get the genuine. Put up in large bottles, accompanied with full directions, and sold at One Dollar each. Any man who keeps horses should not be without a bottle of it in his stable for one day; a few shillings expended for this oil will save him dollars that are expended for other medicines which do little if any good at all. A liberal discount made to those who buy to sell again.

The Triumph of Justice!

THE WAR ENDED!

S. P. TOWNSEND ABANDONED THE FIELD!! OLD DR. JACOB TOWNSEND

Vindicated by the People!

S. P. Townsend has at last given up the manufacture of any more Sarsaparilla, having disposed of his business to some strangers.

Thus his claim to Originality and other pretensions

Fall to the ground!

He voluntarily abandons them, in thus evading the issue before the public, by disposing of his trade.

THE FACT that he was *no physician, no chemist*, the occupation of whose life was *a worker on rail-roads, canals, chopping wood, saw-logs, dock-sticks, &c. &c.*—The fact, also, that his article became notorious for its *Souring, Fermenting, and Bursting the Bottles*, thereby *Deceiving and Injuring* the sick, and destroying goods, demonstrates beyond all reasoning or gainsaying, the fallacy of his pretensions, and the baseless fabric of his claims.

HEREAFTER IT IS TO BE SENT OUT

to the people by some *Strangers*, yet bearing the name of S P Townsend.

We have been informed that these *Strangers* intend to print on the labels the name of some chemist, in order to redeem, if possible, its bad character of

SOURING AND FERMENTING.

Let the People fully understand

that no *Re-vamping*, no new *botching* no *prefixing* of Chemist's names, or any other folly, will redeem S. P Townsend's souring compound from public odium unless it is made entirely different from its present character; and if they do this, it will become another *article of Sarsaparilla*, and they might as well give it another name *first as last*. It *should* then be called the

"Stranger's Sarsaparilla,"

and not S P Townsend's. But if there is no alteration, the people may still expect the same old *Souring, Fermenting, Root Beer* stuff

We have felt it a duty

to inform the public of the true position of this matter, that

OLD DOCTOR JACOB TOWNSEND'S SARSAPARILLA

may not be confounded with this souring article In conclusion we would remark, that some months ago, S. P. Townsend left his Old Stand in Fulton street, a first rate store, and sat himself down only a few doors below us, in Nassau street, the motives and objects of which we leave others to judge.

We understand these *Strangers*, who have taken up S P.'s business, intend to remain there. Such conduct needs no comment We shall move from Nassau street in the spring, and we will then see if these Strangers follow us as S P. did

☞ Depot for the Old Doctor's Sarsaparilla is now 102 Nassau street.

TO CONSUMPTIVES

The Disease can be Cured!

READ THE FOLLOWING LETTER.

Fitch's Remedies Triumphant!

THE following letter, taken from and published in the Portage Sentinel, at Ravenna, Ohio, on the 4th of March last, has been handed to us for perusal. Dr. Fitch, to whom the letter is addressed, resides at 707 Broadway, in this city, and he has published a work called SIX LECTURES to gentlemen and ladies on the disease called Consumption These Lectures can be had in a small volume for fifty cents a copy, on application to most of the bookstores, and are replete with practical and useful information to cure and prevent Consumption. The Doctor's book has some great and good qualities. It shows how Consumption is produced and how it can be cured, and also it inspires justly the invalids with HOPE, when such people are not unfrequently in the condition of Milton's fallen angels, "*to whom hope never comes.*"

Give a sick person Hope, and his case is always half won Dr Fitch uses mechanical means and physical remedies, and is sparing in dealing out drugs and mineral medicines; but to the Letter, and it speaks what thousands of his patients have uttered:—

[From the Portage Sentinel.]

Dr. S. S. Fitch: Dear Sir—In looking over the history of the last two years of my life, I am filled with gratitude to God for his great goodness in so far restoring my health, and giving me back to my family, after all hope had fled, and they could only look on me as already entering the grave. It has ever been to me a self-evident truth that the all-wise Creator always works by means, and it gives me a great pleasure, my dear sir, to say, that your remedies for the cure of consumption were the means, "the only means," of my recovery, as will more fully appear by the following statement of my case:

First, my family nearly all Consumptive—my mother, brother, and also a large number of other relatives died of Consumption From my childhood my constitution was slender, and for the last 25 years as inclining to Consumption.

At the age of 25 years I commenced preaching the Gospel, with but little prospect of living to the age of 30. Lungs weak, a constant hoarseness and hacking Cough, some expectoration, often night sweats, and habitual costiveness, attended with frequent distressing nervous headaches. A change of climate from New York to Ohio operated favorably, and for 12 years I was able to act as Pastor of the Baptist church of Brimfield. In the winter of 1844 I had a severe attack of erysipelas fever, which very much injured my constitution, and left me in a decline. In the winter of 1846, I took the charge of a protracted meeting at Mantua, laboring night and day for four weeks, at the close of which I found my whole system entirely prostrated—my lungs so weak it was with difficulty I could speak so as to be heard. My friends and ministering brethren became alarmed, and earnestly advised me to stop preaching. But I did not realize my danger, and continued to preach two or three times each Sabbath during the summer. In September I took a violent cold, and at once found myself on a sick bed, with a hard cough, large expectoration of light frothy matter, daily chills, fever, night sweats, loss of appetite, pain in the chest, shoulders and limbs, palpitation of the heart, nervousness, &c. Tried the usual remedies, such as blistering, &c to no benefit. I went down rapidly, with increasing alarming symptons until the middle of November. All hope was gone, and the community considered me past recovery.

A copy of your Lectures fell into my hands, the reading of which rekindled a spark of hope I lost no time in applying to you, and on the first day of December "of happy memory," received a full supply of your remedies. I followed your advice to the letter, and to the astonishment and joy of all my friends, my recovery was as rapid as had been my decline, so that on New Year's day I was able to visit my friends I soon felt myself compelled to labor for the support of my family. During the summer I performed my usual amount of labor.

In October, 1848, I again found myself failing. I called on Dr A. Jackson Squire. He decided I had a chill fever—gave medicines which soon relieved me. However, I imprudently went out to soon, which brought on a relapse. The disease concentrated its whole force on my lungs—my right lung till then was sound—but now both lungs were highly congested. Cough returned with great violence—lungs soon became loaded with thick heavy matter, without the power to throw it off. I was out of your medicines, but fortunately, I was able to borrow of one of your patients, one bottle of your Expectorant, one do. of Pulmonary Balsam, and a bottle of Antimucus' Mixture After taking the Expectorant a few days I raised large quantities of matter that would sink in water almost as soon as lead The bottle of Expectorant saved my life. I immediately applied to you again—there was necessarily considerable delay in getting the medicines. My friends and physicians said there was no hope in my case, and I too felt that my time had come—made arrangements to leave my family—and how could I think otherwise? I had a hard Cough, raised large quantities of solid matter, distressing pains through my entire lungs, shoulders, bowels and limbs, daily chills and fever, night sweats, loss of appetite, flesh rapidly wasting away, and to crown the whole, swelled limbs and diarrhoea.

Your letters to me, dear sir, were full of kindness and encouragement. You said you fully believed I would yet recover You did not misjudge. My recovery was slow, "but certain."

In May last I felt anxious to see you. My health still very poor, many of my friends thought me presumptuous in undertaking such a journey alone. On your examination of lungs, you pronounced the entire front of my left lung and the top of the right ulcerated. This was no news to me; I had made the statement often to my friends which I found to agree with your decision. You also said my lungs were in a healing state I now acknowledge my doubts at the time, but have since found you correct.

In October last, I was elected to the office of Recorder of Portage county. My political opponents said that writing would kill me, and some of my friends even feared it might prove true. I have now been in the office, writing from four to eight deeds per day, for four months, my health improving all the while The secret of all this is, Sir, you have learned me how to take care of my health I am often asked, "Do you expect to be restored to perfect health?" I answer all such, "I never enjoyed perfect health; I have now almost gone through the winter without any serious attack of the lungs, and by care I hope yet to live to the common age of man." Dr. Earl, of Franklin, not long since said to me, "Sir, you are almost a miracle in the history of disease."—Others have expressed themselves in the same manner. In conclusion I will say, no man feels a deeper interest in Consumptives than myself. To all such I honestly and conscientiously would say, "Try Doctor Fitch's remedies—try them faithfully—do not say you cannot follow his directions, but take hold of them perseveringly, and through the blessing of God you may yet live who would otherwise sink into an early grave."

In publishing the above statement I believe I am doing my duty to an afflicted public, and to you, kind Sir, as a benefactor; and it shall ever be my prayer that peace, prosperity and long life may be yours.

With sincere regard I remain yours, truly,

RODOLPHUS BARD.

The quality of the above articles having been fully tested by use, and proved to be as good if not better than any in the market, and is sold at such extremely low prices at Cunningham's as to create wonder among oil dealers, how he can afford to sell at such "ruinous" rates But so it is, and who would have it otherwise? Truly not purchasers.

DAILY FREE DEMOCRAT.

S. M. BOOTH, : : : : : : EDITOR.

MILWAUKEE:

WEDNESDAY AFTERNOON, SEPT. 25.

☞ Copies of the DAILY DEMOCRAT can be had at Bird's, at Seymour's, opposite the U. S Hotel, at Logan's Book-store, four doors west of the American; of the News Boys; and at the Counting Room, Holton's Block, (3d story,) Spring street, west end of the Bridge Price TWO CENTS

CADIDATES FOR COUNTY OFFICERS.

Mr. Schroeller is the Democratic candidate for Register of Deeds, and will, of course, be elected. He has done the party much service, and his claims cannot safely be overlooked. Alderman Wedemeyer, therefore, we fear, will stand a poor chance of being the next Sheriff. We have not heard of more than a dozen candidates for the Sheriffalty. John White wants it; all the deputies do.—We should like to support them all, but we can't be allowed to vote for but one. We believe we shall support the man who has the longest legs, the lankest purse, and has the most babies, and takes the *Free Democrat*.—So walk up, gentlemen, and register at our office.

Dr. Huebschmann wants to sit in—and try to fill—J. B. Smith's place in the Senate.

We understand friend Gunnison is on the course for District Attorney. If he prosecutes for the State as well as he did for friend Seaver, he will always be sure to stick to the first indictment, however poorly drawn.

All who want office had better apply soon, as most of the berths are taken, and the steward, we fear, will have to put three or four in a bed. See if we don't have a rich time.

EXPRESSED AN OPINION.—The *Wisconsin*, after a long silence, has ventured to express a political opinion. The Editor has not the manliness to publish Mr. Durkee's letter, in our issue of the 23d, nor has it ever spoken one generous word in favor of Mr. Durkee's faithful and honorable course in Congress. But it makes the following mean and sneaking reference to a man whom it has neither the soul to appreciate, nor the independence to commend:

"MR. DURKEE IN THE FIELD, *as a Congressional candidate*.—The last Free Democrat contains a letter from Mr. Durkee, declaring that he is at the service of those who feel disposed to vote for him. Mr. Durkee is a good sort of a man, but no one except a few political Mormons supposes that he can be elected again."

To show what sort of a political prophet this Editor is, we *re-print* a portion of his prophecies when Mr. Durkee was a candidate, two years ago.

In 1848, Oct. 6th, he said Mr. Durkee would obtain but "a few hundred votes in this District."

Oct. 10th, he said Mr. Lynde would have one thousand majority over Mr. Durkee.

We don't wish to call up the past, but if the Wisconsin is about to resort to the old game of '48, in regard to Mr. Durkee, we can assure the Editor we have some very nice things on record, and shall be ready to show hands, without gloves on. Whether the Editor wrote the above, of his own free will, or *was put up to it*, we shall not stop to inquire.

REPRESENTATIVES.—We state a well-known fact, when we say, that Milwaukee has not generally been represented, in the Legislature, by her strongest and best men. There are two reasons for this. Our best men can not afford the time, for the small compensation paid for such services, and do not consider the honor a sufficient reward, to induce them to make the required pecuniary sacrifice. And if they *did*, they are not willing to resort to the means necessary to secure a nomination

The chief commercial town of the State, its interests ought not to be made the foot-ball of political demagogues. We should have men of character and ability to represent us, who understand our wants and interests. We have such men in our midst. Why will not the people open their eyes to see them, and choose them? Because every thing must be sacrificed to party, "regular nominations," and the dragon. The devil rules us, through rum and politics!

☞ President Fillmore and his administration, aided by a majority of Northern Democrats, have established an intervention *in favor of slavery*, and have taken away from the people of the Territories the right to establish freedom and protect themselves against the incursions of the slaveholders—have thrown wide open the door for the admission of slavery. Deny this who can.—*Free Democrat.*

We do. Prove it.—*Sentinel.*

Very well. The Territorial government bills for New Mexico and Utah, which Northern Whigs and Democrats voted for, and President Fillmore signed, prohibit the Territorial Legislatures from legislating against the introduction of slavery. Is it not so, neighbor? Yes, or No.

☞ The Watertown *Register* charges the Rock County *Badger*, with being formerly, "the leader and chief of the shall beer politicians," who are now making "a mess in the Democracy" of the Third District. It is hardly fair to make game of the *Badger*, after it wriggled so awkardly, in backing out from its first position. It was distressingly ludicrous to see it crawfish.

THE THEATRE

Is an existing fact, in this city, and as a public journalist, we feel obliged to speak of it. A paper, aiming to be a transcript of passing events, can do no less, certainly. We don't expect to please any body but ourself by such a notice as we shall write, at our first leisure. Still, we shall please *one*, and that's better than to please *nobody*. If a man don't want a quarrel at home, he should keep a good conscience, be himself, and never try to ape other folks.

GOV. DOTY'S "INGRATITUDE."

We see, in several of our *old line* cotemporaries, commentaries upon the course which it is supposed this gentleman will pursue.—It seems to be generally supposed that he will come out as an independent candidate.

His friends are urging him to it. One entire party is waiting to support him, and a large,—larger perhaps than before the Convention, his opponents had any idea of—portion of the other are prepared to do the same.

In this state of the case, the *Madison Democrat* and kindred prints, are anticipating the most fearful curses on his ingratitude if he pursues such a course. What, a man whom they "*took up*," and elected, now to turn, and, supported by the wishes of his constituents, have audacity to allow his name to be used as a candidate for re-election, after *they* have expressed their disapproval of his course, by throwing him overboard! It is insufferable! It is the height of ingratitude, says Brown.

How ungrateful? we would like to ask.—Gov. DOTY was not *taken up* in the Northern Dist. from any good will to him, but because, in view of the overwhelming Free Soil movement, they well knew that *with no other man*, could they be successful. His personal popularity, and his well known Free Soil principles pointed him out as the only eligible nomination for them to make. They did not "take him up"—he *took them up*, and he was elected.

Instead of *conferring* a favor, they *received* one; and all of their prate and twaddle about "ingratitude" &c., is about as sensible as was honest Sancho's complaint, when presented with an ass, that it was not a war steed—saddled and bridled for service.

☞ The Sentinel publishes Mr. Durkee's letter in full. That's like a newspaper. But the Wisconsin dare not publish it, or any thing that gives a fair statement of the other side.—The Advertiser promises to publish Mr. Durkee's letter, but none the quicker on account of our offer to publish as much for them—of course not—and then asks us to publish "the noble platform erected at the recent Democratic State Convention in New York." It has been in our copy-box several days, waiting its turn, and shall be forthcoming.

The Advertiser has not answered us, whether the New York Platform is like the Madison Platform.

☞ Mr. E. W. Tracy, who has published a card in the Chicago Tribune for six months, that he should run for Congress on his *own hook*, has withdrawn, paid the printer, and retired. Whereupon the Hunkers rejoice and take hope.

☞ A Reverend subscriber to the National Era, stopped his paper because his name was spelled wrong on the wrapper. One of our subscribers bore such an infliction for a year, and then walked up to the office, and had the error corrected. Sensible.

☞ "First Assistant Engineer," was on hand last night, at the burning of the shanty; above the Eagle Foundry. "Just as we predicted."

☞ Political complexion of the delegates to the Maryland Constitutional Convention—Whigs, 49; Democrats, 42; Union delegates, 12.

☞ "Beauty is a cutaneous disease, that has destroyed more people than the small pox.—Were women all born with pug noses, vice would leave the country in a year"—*Ex.*

A poor compliment to the brightest specimens of God's handiwork. It's our private opinion that God designed that there should be an inseparable union between virtue and beauty, vice and ugliness.

☞ The Oshkosh Delegate has passed out of the hands of Mr. Shipper, the papers say. It has never come into our hands, a copy of it.

☞ Jenny Lind has been presented with a free ticket, on all the Steamboat and Rail Road lines between New York and Boston.

POLITE INVITATION.—"Ishmaelite of the *Free Democrat*, walk around now, and take your wind!"—*Com. Advertiser.*

Be easy neighbor: and if you can't be easy, be as easy as you can. We'll take the "wind" out of you, in due season!

☞ The Potosi *Republican* says of the 3d Congressional District.

"It is intimated that the Ex-Governor will take the field as an independent candidate.—Our friends should compromise this matter or the *foxy* Whigs may steal their cheese."

That's it. It is a matter of *pap*, not *principle*.

☞ Land Reform, in the Oregon Bounty Land bill, got *three* yeas—Walker, Dodge, and Seward,—to 44 noes. Try again.

CITY ITEMS.

CLEAR THE TRACK.—The Iron Horse will be trotted out on his new course this afternoon.

A NEW WAREHOUSE.—On Walker's Point, opposite Walker's brick block, the foundation is laid for a new warehouse, of large dimensions. Mr. Phillips, proprietor; Mr. Pashley, master builder.

☞ The laws of the Post Office Department provide that the paper in the vicinity of the post office, having the largest circulation, shall have its advertising. In a few days we shall claim it, accordingly. The laws must be obeyed.

☞ Several brave, heroic chaps, have been out shooting the little birds. Who killed Cock Robin?

☞ A fellow has sent us a communication about a dog. Some people are always slandering their betters.

BACHELOR'S CLUB.—This crusty, musty, fusty association, we hear, are debating upon the expediency of breaking up, and taking unto themselves help-meets—on the ground, probably, that the world must be peopled. As Jabe "trains in that crowd," we shall endeavor to get the proceedings of their next meeting for publication.

☞ It is written that when he of old engaged in the building of the Temple, no sound of hammer or implement of labor was heard upon it. Things are not done in that way now. The person that walks down East Water street will see not less than 500 laborers engaged in erecting large and commodious buildings; and a scene different from that of which Solomon was overser presents itself. The busy strokes of the workmen, the clash of trowels, the shoving of planes, the sound of hammers, and all implements of building, are heard and seen. Well, they *don't* do as they used to, Mrs. P. says, and, it may be, more's the pity.

GOING LIKE HOT CAKES—*The Daily Free Democrat.* Worked off 400 yesterday, sold the whole, and had to send out this morning and buy back papers to furnish new subscribers.

☞ We publish the following by request.—If the statements are true, then Gov. DOTY has been most unfairly dealth, with, and they may be considered by many as sufficient cause for repudiating the nominee of the Waupun Convention:—*Washington Co. Blade.*

GOV. DOTY NOT OVERBOARD.—Gov. DOTY is *the regular nominee* of the Democratic Party of the Third Congressional District of Wisconsin, if the will of his constituents had been regarded by the delegates.

FRIENDS! a great fraud has been committed upon you. The PEOPLE have been betrayed by delegates who went to the Waupun Convention *pledged and instructed* to vote for JAMES DUANE DOTY, the friend of the People and the best man to represent them in Congress.

Now, Friends, shall we sit by in silence and see this gross outrage perpetrated? NEVER! The will of the People has been violated by men who have no regard for it. The men who have nominated H. C. HOBART by betraying the People, exist only on the mean jealousy and envy they entertain for Gov. DOTY. Except by deceiving and betraying the People, H. C. Hobart never could have got five votes for his nomination. He got the nomination by merely *voting* for *himself* while Gov. Doty was unable to be at the Convention, being at Washington standing up for the rights and interests of his constituents. If Gov. Doty had been at home there never would have been any serious opposition to his nomination.

Now then, Democrats! let us stand by our friend, the true representative of the People, and return him to Congress by *double* the majority he had at the last election. He is the regular nominee of the People, and the People will sustain him, and rebuke the men who have perpetrated this gross fraud upon them. Let the rallying cry be JAMES DUANE DOTY FOR CONGRESS! EIGHT DELEGATES.

Col. Fremont's Gold Placer bill grants permits at the rate of one dollar a month, for thirty feet square for each man, and two hundred and ten feet square at $50 a month, to work the quartz rock by machinery.

Probable Appointments for Utah.—Brigham Young, Governor; Seth Blair, District Attorney; Joseph L. Haywood, Marshal; Zerubbabel Snow, (Ohio,) John W. Lawson, (N. Y.) Judges. The latter strongly urged.

A Young Printer.—The Cattskill Recorder contains a column of matter, which, the editor states, was put in type by his own son, who was only seven years of age on the 4th day of March last.

Remarkable.—The Norwich Courier says that a young fellow from that region, fell overboard in the Sound, from the steamer Knickerbocker, a few nights since, and was in the water an hour, when he hailed a passing sloop, and was taken on board—a little damp, perhaps, but not much exhausted. He must have spent a pleasant hour among the porpoises.

ACCIDENT.—We understand that Mr. C. H. Green, formerly of this village, was accidentally shot in the leg, by the premature discharge of a gun in the hands of Mr. Shafter, near Fond du Lac, while hunting prairie chickens, on Saturday last. He was doing as well as could be expected at the last accounts. —*Watertown Register.*

A new Watch.—A great improvement in the manufacture of watches has just been made in Geneva, by which watch keys are rendered unnecessary. By simply turning a screw in the handle, the watch is wound up, and another movement regulates the hands.

Discovery of Gold.—Gold has been discovered on the Bank of Sugar Creek, Crawfordsville, Ind. One man washed out two hundred dollars worth in a few days.

Death of Jonathan Maltby.—Jonathan Maltby, Esq. the oldest inhabitant of New Haven, is dead. He expired at his residence in Fair Haven on Saturday morning, in the 92d year of his age. He was a graduate of Yale College of the class of 1779.

—The late Mrs. Glenny, of Cincinnati, a wit as well as a splendid woman, being asked by one of her numerous admirers, "Why she was called the Great Western? replied, "Because I have so many *flats* in tow."

The Daily Democrat.

The Advertiser, of this morning, is in *spasms* over the anticipated election of Mr. Durkee, and is doing its best to prove its statement of yesterday, that Mr. Durkee's consent to be the People's candidate, would try its faith in Hunkerism, and party tactics. It says nobody [illegible] Mr. Durkee but Abolitionists, "and those who care more for the maintenance of the principles of Free Soilism, than the preservation of the harmony and power of the [illegible] party." New Village on the Wisconsin River. The St. Anthony Standard says: A village has lately been laid out on the west side of the river, opposite Helena, and a [illegible] below Prairie du Sac by Mr. [illegible] Jones, to which he has given the name of Jonesville. It now contains one store and one public house, kept by Mr. Jones, the enterprising proprietor of the village. The situation is very beautiful, in the midst of an excellent farming country, and being of easy access to farmers, it must soon become a place of some importance."

Keep Moving. When young men miscarry in their first enterprise, they lose all heart.—If the young merchant fails, men say he is ruined. If the finest genius studies at one of our colleges, and is not installed in an office [illegible] years afterwards in the cities or towns of Boston or New York, it seems to him and to himself that he is right in being disheartened, and in complaining the rest of his life. A sturdy lad from New Hampshire or Vermont, who in turn tries all kinds of business, and *runs it, farms it, peddles, preaches*, edits a newspaper, goes to Congress, buys a township, and so through successive years, and always, like a cat, falls on his feet, is worth a hundred of these city dolls. He walks abreast with his age, and feels no shame in not "studying a profession," for he does not postpone his life, but lives daily. He has not one chance, but a hundred chances.

by the purchase of an immense stock of every thing in the line, unusually large **even for this Establishment,** confidently invites attention to his stock, assured that for quality, cheapness, comprehensiveness, and care in selection, it cannot be excelled by any concern west of Buffalo. As the reputation of his establishment renders unnecessary the common practice of enumerating articles and affixing to them qualities both *fabulous* and *ridiculous*, he will merely assure his patrons that he has been unwearied in selecting his stock of entire purity, and having bought close, and in large quantities, is enabled to defy competition in the sale of it.

TURTON & SERCOMB,

Proprietors of the Eagle Steam Power Foundry,

MILWAUKEE, WN.

RESPECTFULLY beg to inform their friends and the public generally, that they manufacture all kinds of CAST AND WROUGHT IRON WORK, for Grist and Saw Mills. Also, all kinds of Machinery, at their well known establishment, Nos. 298 and 300 West Water street They are themselves both practical mechanics, the one a pattern maker of twenty years' experience, the other a moulder of thirty years' experience. They likewise employ none but the very best workmen that can be obtained.

Their stock of patterns cannot be equalled—they have all been made in this city, expressly for the wants of this State—they can and will do better work than any similar establishment in this State, and on the shortest notice. June 26, 1849. 1

CHICAGO

BRASS & BELL FOUNDRY.

H. W. RINCKER,

No 198 Randolph street, Chicago. Also on Canal street, opposite Foss's Planing Mill.

THE Proprietor of this establishment is now prepared to cast BELLS of all sizes. He would particularly invite those who wish to purchase Church Bells to those of his manufacture. His Bells will be sold on as reasonable terms as they can be purchased from the east, or from agents of eastern establishments. They will be sold cheaper, in fact, because he can make as good a Bell, that will give as large a volume of sound, as those of eastern manufacture, with one-fourth less weight of metal, and this proportion of money is thus saved in the purchase of his bells He warrants them not to break for one year with proper usage, and should one fail or not prove to be as good as represented, it may be returned to his shop, and be made good without expense to the purchaser, by a re-cast; or be replaced by a new one. If one should break at any time during his life, he will re-cast it for half the expense of casting. Western people will see the advantage in dealing with a western man, and patronizing western interests.

Mr. Rincker is a German, a bell-founder by profession, and he is confident that he thoroughly understands his business

He will cast bells to any tone or key that may be desired. He can also cast his bells to chime in harmony. Heretofore the chiming bells used in this country have been brought from Europe, but he is able to make them as correct and musical in tone as any that may be imported

His bells have taken the premiums at the two last Fairs of the Chicago Mechanics Institute—the last Fair awarding him a Gold Medal. The following is a copy of the Report of the Committee on the Bell submitted for inspection in the Fair of May, 1850:

Article 11, Class No. 6, Church Bells.

A Bell of 740 lbs. by Mr. H. W. Rincker, of this city, is well made and a smooth casting. It exhibits a great deal of skill in its manufacture; has an admirable tone, and throws a greater volume of sound than any bell with which we are acquainted of its size. A trial was had between the above bell and one manufactured by Mr Meneely of Troy, N. Y., the latter being considerable heavier of the two, [955 lbs] The arrangement for ringing Mr Ricker's bell was temporary, and by far inferior to that of Mr. Meneely's, notwithstanding which we believe that there was but little difference in the distance that the two bells could be heard, and that the tone of Mr. Rincker's bell was by far the most pleasing to the ear. A Gold Medal was awarded to Mr Rincker.

The above is a true copy of the Report

G R. SLOAT,

Secretary of the Board of Directors of Chicago Mechanics' Institute.

H. W. RINCKER is also prepared to do all kinds of BRASS WORK, CASTING and FINISHING, on short notice, and in good style; such as Machinery, Magnetic Machines, Physical Instruments, Soda Fountains, Beer Pumps, Stop-Cocks, Oil Globes, &c.

Also heavy Copper Work, for all purposes.

THE

POPULAR CYCLOPEDIA

OR

MODERN DOMESTIC MEDICINE

BY KEITH IMRAY, M. D.

Fellow of the Royal College of Physicians, and Licentiate of the Royal College of Surgeons, Edinburgh.

AMERICAN EDITION.

One large Octavo Volume, substantially bound.

THIS work presents a concise but clear view of the predisposing causes, premonitory signs, and distinguishing symptoms of disease, with the methods of cure recommended by the most eminent physicians.

The best modes of employing the medicines in general use are faithfully described; and the most approved rules for regulating diet and regimen during the periods of disease and convalescence, are amply furnished.

The art of Preserving Health, embracing special Treatises on Diet, Air, Temperance, Bathing, Clothing, and Exercise, is fully considered.

The publishers of the American edition have introduced Dr. Imray's work with short, illustrated, very complete sketches of Anatomy, Physiology and Surgery; and with directions for the domestic management of the sick, the preparation of their food, and the economy of the sick room, &c. They have also annexed a comprehensive

MOTHER'S MEDICAL GUIDE, containing directions for the preservation of health during pregnancy, rules for managing the lying-in-room, and the treatment of infants, including air, clothing, exercise, &c. Also, a large number of valuable prescriptions, arranged for ready application; and a very full classified table of medicines, exhibiting their medicinal properties, doses and uses.

The Index is unusually complete, making the whole a most perfect and valuable work for families.

It can confidently be recommended to physicians and apothecaries, as well as to the public, as a book that will be found singularly convenient for ready reference.
